The Senescent Philosopher Speaks: An Essay of Sorts

Green areas, also known as green infrastructure or urban vegetation, are vital to urbanites for their critical roles in mitigating urban heat island effects and climate change and for their provision of multiple ecosystem services and aesthetics.

Dictionary of Scientific Biography. Volume 12. IBN RUSHD - JEAN-SERVAIS STAS

The chief art of the speaker and writer consists in giving every part of his work its due degree of force, and its proper shade of colour. With novelistic prose and a clear sense of history, Steve Kornacki masterfully weaves together the various elements of this rambunctious and hugely impactful era in American history, whose effects set the stage for our current political landscape.
